PRICE, ONE CENT.

A BIG VOTE OUT IN THE BOROUGH ELECTION.

All of the Candidates Are Working Hard and Day Favors Their Efforts to Get Voters to Polls.

THREE CORNERED FIGHT CLOSE.

It Adds An Element of Uncertainty to Outcome Because Many Voters Have Not Expressed Themselves How They Will Cast Their Ballot.

Heavy voting characterized the opening of the election polls this morning in the First, Third and Fourth wards, but as the day wore along to noon there was a decided check in ballot casting, and although the day at its start promised an unusually large vote things began to take on another view at noon, and while some of the politicians declared that there would be a vote of 1,600 cast in the borough others were of the opinion that the vote would not go over 1,400, about the normal figure.

The First Ward came along with its surprise by having 50 votes at eight o'clock. At twelve o'clock the Fourth Ward was leading with 200 votes to the Third's 145. The Second Ward, is dragging at the rear and its vote of 80 at noon was a complete surprise to all. According to these figures not nearly half of the usual vote was cast at 12 o'clock.

In the Third and Fourth wards the work of the Democrats is most strenuous and they are putting forth their best efforts to pile up votes for the ticket. The Fourth Warders claim that they are confident of polling a big majority for the Republican ticket that will offset the efforts of the Democrats in the Third. The Democratic vote in the Third is not at all satisfactory to the candidates and unless they can get in a heavy vote during the afternoon hours it will not make the desired showing, although mighty efforts have been put forth to save the Democratic nominee for Burgess and Council.

Never before have such efforts been put forth by the Democrats in the First Ward. Nearly every ward worker in the town has been at the First Ward polls this morning, but the Republicans declare that notwithstanding all these efforts the First will come up with its usual Republican majority when the votes are counted. The early voting in the ward is attributed to the railroad vote, as the majority of the men cast their votes before going to work this morning.

The Second Ward has not come to the front with as big a vote as the other wards have in comparison. There were but 80 votes polled there at noon today. This ward, however, will make a better showing this afternoon and this evening. The voters there are largely of the working class and will not cast their ballots until they return after 5 and 6 o'clock this evening. So far as outside appearances went there was little disposition to split on the small vote cast. Every voter down there appears to be laying low. This ward though, has always been strong for Kurtz and his adherents today claim that it will not go back on him. To a very considerable extent the Silgo vote has a part in the Second Ward election today, but it with the railroad vote is supposed to be lined up strong for the Republican ticket.

VOTE IN NEW HAVEN.

It Was Larger Than Usual at 12.30 This Afternoon.

A real election is on in New Haven today. There are two sticker candidates, E. J. Moore and J. M. Smith for school directors, to take the place of Kell Long and D. P. Lepler, who withdrew from the ticket, leaving it without opposition.

The managers of Moore and Smith claim they will cut a figure, but their efforts are much handicapped by a lack of not having their men on the ticket. At 12.30 this afternoon 130 votes had been cast in New Haven. That is an indication of the interest taken. Last fall there had been only 100 votes cast in New Haven up to one o'clock.

JUMPED FROM STEAMER.

Woman First Threw Three Children From Fall River Boat.

Fall River, Mass., Feb. 20.—[Special.]—A terrible tragedy developed here this morning. When the Fall River steamer Plymouth arrived from New York, officers reported that a woman, name yet unknown, but probably from New York, threw her three children off the boat into the Sound and then jumped overboard herself. She left a note in her stateroom; also a wallet containing money.

Dirty Streets Washed. East and West Main streets yesterday afternoon received a much needed washing. Owing to the ice upon the streets it was impossible to clean off the dirt off them, but a decided improvement was made by the washings.

CLERK EXAMINATION.

Local Civil Service Commission Will Hold It February 24.

An examination for clerk and carrier will be held in Connellsville on February 24. Carriers get \$350 and \$600 per annum. Stenographers in the smaller offices range from \$400 to \$1,700.

Age limit, all positions, 18 to 45 years. Male applicants must be at least 5 feet 4 inches in height in bare feet, and weigh not less than 125 pounds. The postoffice department has stated that no person who is defective in any of the following named particulars will be appointed in the postal service: Deaf-mutes; lunatics; persons having defective hearing, sight, or speech; persons totally blind or blind in one eye; one-armed, one-handed, or one-legged persons, or those having crippled arms or legs; and those suffering from asthma, consumption, hernia, or any other physical defect or disease which would prevent a proper discharge of the duties of the position.

All persons who have been examined for the position of clerk or carrier within the past year and failed to pass may be reexamined upon filing new applications in due time. This examination is open to all citizens of the United States who comply with the requirements. From the eligibles resulting from this examination, it is expected that certification will be made to existing and future vacancies.

For application blank, instructions to applicants, and further information application should be made to the local secretary at the Connellsville postoffice.

TOWN HAS CHANGED SAYS W. A. MORGART.

Got His Business Start Here and Is Now Well Known Capitalist of Cumberland, Md.

W. A. Morgart, a well known capitalist of Cumberland, and Attorney at Law, Warren D. Reynolds of the same place arrived in Connellsville this morning and held a conference with several of their business friends. The visitors would not divulge the nature of their business and left Connellsville for Pittsburgh on train No. 75.

While here Mr. Morgart met many of his old time friends. Almost 20 years ago he conducted a grocery in this place, and was a well known and popular business man. Mr. Morgart has not visited Connellsville for many years and was greatly surprised and pleased at the development of the town. He said that when he was in business he could hardly describe the town with its many modern improvements now. He recalled many small one story buildings that have passed from along the streets and recalled the leading incidents of local people of that day. As he walked down the street this morning he was hailed by many of his friends who were glad to shake hands with him.

Mr. Morgart got his start in life in Connellsville and has a warm place at heart for the old town. He is now interested in a large number of railroads in the East and is also somewhat of a coal baron, dealing almost exclusively in West Virginia coal and timber. He expects to pay Connellsville another visit when the 100th anniversary of the town is celebrated in July.

SQUIRE'S DAUGHTER

Presented Monday Evening by St. Vincent de Paul Congregation.

The "Squire's Daughter," presented Monday evening in the St. Vincent de Paul hall at Lehighville No. 7 by the L. & S. club, was a great success. The attendance was large and each member of the cast performed their parts in a very able manner. The following was the cast: C. T. Glenn, quire, Thomas Logan, the lawyer, Jerry Conway, the farmer, Thomas Conway, the villain; Joan Conway, the Irishman; Miss Anna McNulty, the Squire's daughter; Miss Cora Kuhn, the farmer's daughter, and Miss Rose McCune, the farmer's wife. At the close of the performance this evening a dance will be given.

A. E. KURTZ LAID UP.

First Election Day in 12 Years He Has Not Been at Polls.

The familiar face of Committeeman Arthur E. Kurtz is missing at the First Ward polls today, he having been confined to his home since Friday, with a severe cold and bronchial affection, which was thought at first might develop into pneumonia.

This is the only election in which he has not participated for the last 12 years. His absence will be felt.

Y. M. C. A. Lecture. The last of the Y. M. C. A. lecture courses will be given at the Colonial theatre tonight. Russell H. Conwell will lecture on "Personal Glimpses of Celebrated Men and Women."

W. C. T. U. Meeting. A regular meeting of the W. C. T. U. of Connellsville will be held at the Carnegie Library hall on Wednesday afternoon.

FIGHT IN SCOTTSDALE.

Borough Election There Today Will Bring Out a Large Vote.

CHANCES ARE ABOUT TOSS-UP.

First Ward Is the Scene of the Greater Activity—Up to 1 O'clock This Afternoon There Had Been No Trouble at the Polls.

Scottsdale, Feb. 20.—The hottest fight ever waged over a borough election in Scottsdale is on today. The last shot in the campaign was fired Monday by W. N. Porter, the independent candidate for Burgess, who intimated that his opponents were guilty of using unfair tactics. The Ferguson adherents have said nothing publicly since their candidate made his statement some days ago, but they are doing as much "underground" work as the other side. It is plainly anybody's fight, and the man who wins will have but few votes to spare. Lots of Ferguson money made its appearance last night, but this was covered by Porter's friends, and late in the evening odds were given that Porter would be elected.

A record vote is expected. It is thought that at least 950 ballots will be polled, almost 100 more than the record vote. Each side is fighting fiercely for every man, and to pick a winner would be difficult.

It appears that J. C. Steiner, the Democratic candidate for Justice of the peace, will be elected by a small majority. Mr. Steiner is very popular, and his hopes of winning, although odds are against him. If the voters stick to straight tickets Mr. Steiner will lose, but there will be a good deal of "splitting." Matters are running smoothly, but if there are any attempts at illegal voting on either side trouble may result. The First Ward is the hotbed of the fight.

In the meantime the Daily Independent has suspended publication for a few days the employees being amused in making their plans for the new quarters on Grant street.

MET TO ORGANIZE HISTORY COMMITTEE.

Plans Outlined for Centennial Work That Will Be Handed Down to Our Future Generations.

The Historical Committee appointed for the Centennial celebration met in Dr. J. C. McClenathan's office on Monday afternoon at three o'clock. The members of this committee originally appointed by Chairman Rockwell Macbeth are Dr. McClenathan, Rev. W. A. Bate, Rev. Ellis B. Burgess and Aloysius Coll. The committee met in a very agreeable gathering, and organized by electing Dr. McClenathan chairman, Rev. Burgess secretary and Aloysius Coll. treasurer. The plans suggested were formed and laid to rest by the committee and it was decided to make the suggestions offered were in harmony with the stated desire of the committees at large interested in the Centennial exercises.

It was proposed to issue a historical volume that would be a permanent memorial of Connellsville's hundred years of town growth. The volume will be one of five hundred pages, very handsomely printed, with 100 illustrations, the latter to be carefully selected and put in their proper place in such a book. The volume will be a 12mo. and will be printed in a first edition of one thousand copies. Nine hundred of these will be in such a binding that they may be sold generally, while 100 volumes will be bound in a special de luxe binding, and probably autographed by the compilers.

It may be that the committee will also receive mailed bids for the first volume of the de luxe edition to drop from the press, which will be numbered No. 1, the rest of this memorial edition being numbered also from No. 2 to 100. The secretary was instructed to write to some of the well known big publishing houses in the East, and to ask these firms to send to the committee some sample volumes of 500 pages with good paper, illustrations and printing, and the price for an edition of 1,000, so that some idea might be gotten of the prospective cost.

The chairman was asked by the committee to name another member on the committee. This will be done, and the committee will meet again Thursday.

To Open Millinery Store. Miss Maud Montgomery of Fairmont was in town Monday on business. Miss Montgomery expects to open millinery parlors in Connellsville March 15. She left Monday night for New York where she will spend two weeks looking over the new spring and summer styles.

QUEER IN TROUBLE.

Had Eloped With Maude Nicely, Daughter of Late Dave Nicely.

As Poor Director N. S. Gay was coming to Greensburg from the County Home Monday evening he discovered Samuel Queer, a former resident of Ligonier, and Miss Maude Nicely, formerly of Ligonier township, in company, and knowing that a warrant had been issued for Queer on the charge of having eloped with Miss Nicely, he proceeded to arrest them on the charge of vagrancy and had them incarcerated in the Greensburg jail.

It seems that Miss Nicely in the 18-year-old daughter of David Nicely, who, together with his brother, Joseph Nicely, was hanged for the murder of old man Unberger in Somerset county several years ago.

It is said that Queer has two wives living, one of whom is a resident of Bradenville. It seems that for several months Queer has been located in Ligonier Valley where he met the Nicely girl, and succeeded in winning her affections, and inducing her to go with him.

The parties were missed on Friday of last week and it is alleged that they were tracked to Ligonier, where they remained on Friday night, going to Latrobe on Sunday morning. On Saturday Constable Nicely searched for them in Latrobe, Greensburg, Johnstown and elsewhere, but failed to locate them, as they had disappeared and nothing had been heard of them until they were spotted by Mr. Gay, who promptly apprehended them, after which the officials at Ligonier were notified.

WAS ARTIST DAY AT CULTURE CLUB.

About 150 Persons Attended the Midwinter Meeting at Carnegie Library Half Monday Evening.

The midwinter artists' day of the Women's Culture Club was observed Monday evening in the Carnegie Library hall, about 150 persons including members and guests of the club being present.

Miss Julia Melick, an accomplished clairvoyant of Pittsburgh, was the guest of honor and delighted her audience with a miscellaneous program of pathetic, comic and humorous readings. The program in part was as follows: Crossing the Bar, Bobby Shafto, The Message, The Bobolink, Beethoven's Doom, The Slide, The First Quarrel and The House. Miss Anna Thompson gave the finishing touch to the program with a piano solo.

On Saturday evening, February 24, Dr. H. Augustus Wilson of Philadelphia will make an address before the club on the subject of "How to Prevent Deterioration of Children." The lecture will be illustrated with lantern slides and all parents and teachers who are interested will be most cordially welcomed. Dr. Wilson is a specialist in this line of work and was associated with Dr. Lorenz in performing his wonderful operations in bloodless surgery. The subject is one of vital importance and it is hoped that a large audience will be present on Saturday evening.

DONATED GYMNASIUM.

Thomas Lynch Presents Apparatus to Church Organization.

Thomas Lynch, President of the H. C. Fries Coke Company, has donated a complete gymnasium outfit to the new Lyeonm recently organized among the young men of the Most Holy Sacrament Roman Catholic Church at Greensburg. Father Edward, President of the Lyeonm, has ordered the outfit, and it will be installed in a short time. The basement of the new St. Benedict's parochial school will be used as a gymnasium quarters. The room is 60x100 feet and admirably adapted for the purpose. The ceiling is 15 feet high. Horizontal bars, trapeze rings, vaulting bars, weight exercises and everything that goes in to equip a first class gymnasium has been ordered.

TWO NEW PATIENTS.

Received on Monday Evening at the Cottage State Hospital.

Two patients were brought to the hospital last night. A. H. Kinney, a Baltimore & Ohio railroad brakeman, fell from his train and received an injury to his knee cap and a scalp wound. His home is at Claysville.

Charles Murray, employed by the Horstler Coke Company at Whitney, received a badly lacerated arm while at work and is being treated at the hospital. The injuries to the two men are not serious.

Claims a Board Bill.

J. A. Patten was arrested at Waynesburg, Pa., on a warrant issued by Mrs. Emma Thomas of Greensburg, Pa., who alleges that Patten owes her a \$42 bond bill besides borrowing \$100 from her.

An Indiana Trolley Line.

Indiana, Pa., business men have raised \$25,000 toward the construction of a trolley line from Indiana to Erncast.

TWO LITTLE CHILDREN PAINFULLY BURNED.

Daughter of Mr. and Mrs. Robert Hillelts Met With Accident While Playing in Front of an Open Grate.

ENJOYABLE DANCE

Given By Bl-Town Outing Club in Markell Hall.

One of the enjoyable social functions of the season was a dance held Monday evening in the Markell hall by the Bl-Town Outing Club under the committee of W. E. Brooks, Charles Crowley, Harry Withers, Benjamin Cook and Warren Murda.

The hall was prettily decorated for the occasion in the club colors, red and white. The lights were softened with red shades while fashions of crepe paper adorned the walls and balcony. Music was furnished by Kitzler's orchestra. Dancing commenced at 8 o'clock and was kept up until 2 A. M. this morning. Over 18 couples were in attendance.

The out-of-town guests present were Misses Anna and Mary Harner, Miss Nora Mahoney, Dunbar, Miss Katherine O'Hara, Misses Paul and Mayno Koppner, John Achman, Scottsdale; Miss Bessie Linsan, Dawson; John Tomlinson, Greensburg; and Miss C. Desse Castle of Frederick, Md.

NO MORE EXCURSIONS

Railroads Operating in Ohio Propose to Discourage Travel.

Chicago, Feb. 20.—All forms of transportation except the regular 2-cent-a-mile rate provided by law will be cut off by the railroads in Ohio, according to a decision reached at a conference of passenger representatives of all railroads with lines in that state.

It was agreed that by eliminating everything except 2-cent fares that the railroads could in a measure recompense themselves for the loss caused by the new rate law. The action contemplated will deprive Ohio of all reduced transportation for conventions, of the mileage books, of all charity business, and of all round trip rates and of clergymen's rates.

WEDDING THURSDAY.

Miss Nellie Wurtz and Lawrence P. Monahan to Be Married.

The marriage of Miss Nellie Wurtz of Dawson and Lawrence P. Monahan of Greensburg will take place Thursday. Only the immediate relatives will be present at the ceremony and breakfast, which will follow. The bride attendant will be Miss Regina Monahan, a sister of the prospective groom, and Philip B. Reilly will act as best man.

FOUR BURNED TO DEATH.

Several Houses and Stores Were Destroyed by Fire.

Johnstown, Feb. 20.—[Special.]—The fire that broke out in the home of Patrick Grogan at Munhall this morning destroyed that building and also the home of three foreigners and several stores.

Mrs. Kate Grogan and four children were burned to death. Several others were injured.

Body Not Identified.

The body of the junk dealer who was killed at Indian Creek, supposed to be that of John Lynn, is still at Sims' morgue unidentified. A large number of inquiries have been made from a distance regarding the man, but as yet there has been no claimant of the remains.

Leaves Second National.

S. P. Schell has resigned his position at the Second National Bank and is succeeded by E. J. Thomas. Mr. Schell came to the Second National from the H. C. Fries Coke company at Davidson where he had been bookkeeper for a number of years.

Noon Weather Bulletin.

Rain and warmer tonight, rain and colder Wednesday is the noon weather bulletin.

ELECTED OFFICERS

At a Meeting of the Connellsville Construction Company on Monday Evening.

A meeting of the stockholders of the Connellsville Construction Company was held in the offices of the company on Monday evening. There was a large turnout of stockholders. The following officers were elected:

F. T. Evans, president; C. M. Hyatt, vice president; J. Fred Kurtz, secretary-treasurer; and A. M. Hulse, manager. The directors are F. T. Evans, E. T. Norton, John Curry, C. M. Hyatt, J. A. Guiter, E. C. Hagloe, A. M. Hulse.

The report of the year's business was most satisfactory to every one present. It was surprisingly large in volume, but the officers and directors have not a higher figure for the coming year and have plans to that end well laid.

MOTHER SAVED HER FROM DEATH

An Infant Child of Mr. and Mrs. C. E. Reed of the South Side Seriously Burned on a Hot Radiator Monday Afternoon.

The five year old daughter of Mr. and Mrs. Robert Hillelts, tenth street, was severely and perhaps fatally burned yesterday afternoon while standing in front of an open grate. The little one had been playing around the room and without realizing the danger stood with its back to the open grate. In an instant the flames from the grate caught the child's dress and enveloped it.

Mrs. Hillelts ran quickly to the rescue of her little one but before the flames could be extinguished she had been severely burned. Dr. Edward P. Clark was hastily summoned and found that the child's body had been severely blistered. The flesh on both her legs was so badly burned that it came off, and her ears and the sides of her body were also severely burned. The fire scorched her hair and slightly blistered her face.

The child suffered the most intense pain. She is resting more comfortable today.

A two year old child of Mr. and Mrs. C. E. Reed was also badly burned yesterday afternoon by sitting upon a hot radiator. The burns sustained by the infant were most painful, but not at all serious.

SAW MENAGERIE.

John Kukoski Saw Pink Rabbits and Purple Frogs.

Seeing a whole menagerie of strange animals, including pink rabbits and purple frogs, John Kukoski, an Alverton Slav, terrorized attendants at the Mount Pleasant hospital yesterday afternoon. He was brought to the institution during the day suffering from delirium tremens, the aftermath of a protracted battle with lung alcohol. Towards evening he became so violent that it took five men to hold him down. After much trouble Kukoski was subdued and brought to the County Home by Constables Thompson and Ellis.

He was given a private room at the home and will be watched carefully. Kukoski is a powerful fellow, and made some bad threats during his stay at the hospital. After he arrived at the home the patient was much milder, but was still badly demoralized. By times he would become religious and pray fervently. Then again he would use swear words. He has no friends at Alverton, and is employed as a miner at that place.

ACTRESS MURDERED.

"Gussie" Hart Sustains Fractured Skull and Other Injuries.

New York, Feb. 20.—[Special.]—"Gussie" Hart, an actress playing in the "Child Wife" company at the Third Avenue Theatre, was found dead in a room at her boarding house this morning and a general alarm has been sent out for the apprehension of three men and two women who fled when they learned she was dead.

Miss Hart's skull was fractured and a great gash was inflicted in her forehead. The men and women called a physician and left hurriedly when he pronounced life extinct. Bloodstains in the hall show that the woman was injured before she was brought to the house.

Later developments show that "Gussie" Hart was killed by falling down the steps of a saloon on 36th street. She was 20 years old and has a son residing in Cincinnati.

CRITICAL STAGE

Has Been Reached in the Moroccan Conference at Algiers.

Algiers, Feb. 20.—[Special.]—It is not denied in any quarter that the critical point in the Moroccan conference has been reached, and for the first time the optimism of the American representative, Mr. White is not in evidence, although he still believes that there will be a peaceful outcome. The situation in so far as France and Germany are concerned is similar to that existing at the time when Prussia rejected the original Japanese demands at the Portsmouth conference. Private conferences are at an end and between them. All matters will hereafter be settled in open session. It is generally believed this afternoon's session will be the final one.

Met in Pittsburg.

Pittsburg, Feb. 20.—[Special.]—Ideal weather and conditions of unusual enthusiasm has brought out a large vote in the municipal election here. The race between Jenkinson and Guthrie is very close. Kirschler, the Republican candidate, hopes to defeat Logan for Mayor of Allegheny.

FIND THE SOLUTION.

President and Advisers Agree on Amendment to Hepburn Rate Bill.

RAILROAD INVESTIGATION SURE

Tillman, Gillespie and Campbell Resolutions Providing for Inquiry into Charges Against Railroads, Considered and Affirmed by Committee.

Washington, Feb. 20.—Following a conference between Attorney General Moody, Speaker Cannon and Senators Clapp and Doolittle, the attorney general and Chairman Knapp and Commissioner Prouty of the interstate commerce commission held a conference with President Roosevelt at which railroad rate legislation was discussed thoroughly. The effort was to shape the provisions of the Hepburn bill regarding appeal to the courts as to make it certain that the bill is constitutional, and yet, so far as there is power by law to do so, to limit the appeal to what is regarded as constitutionally necessary.

The president is understood to believe that Messrs. Moody, Knapp and Prouty have worked out a satisfactory provision that is better than that in the Hepburn bill or in the original interstate commerce commission's bill, the only two bills hitherto laid before congress which the president has on that point felt at all satisfied.

Investigation by the interstate commerce commission of alleged monopoly of oil and coal by combinations of railroads and other corporations is authorized by a compromise resolution agreed upon last night by a subcommittee of the house committee on interstate and foreign commerce appointed to consider the Tillman and Gillespie resolutions and agree upon a measure which will be reported to the entire house committee on interstate and foreign commerce today.

A combination of the Tillman, Gillespie and Campbell resolutions was effected. Members of the subcommittee which consists of Representatives Hepburn (Iowa), chairman of the full committee; Townsend (Michigan) and Johnson (Ohio), the confident of unanimous favorable report to the house. The Tillman resolution, which has already passed the senate, was accepted as the basis for the compromise measure. This will make it unnecessary for the senate to vote on the resolution again, as the acceptance by the senate of this measure is necessary for the resolution to pass. The Tillman resolution provided for an investigation of the alleged railway control of coal and other products hauled by the railways. The subcommittee reported that the measure as so broad, in that it would have compelled the interstate commerce commission to investigate practically everything hauled by common carriers. On the other hand, the Gillespie resolution limited the proposed investigation of the alleged railway control of bituminous coal and was considered too narrow in its scope.

GERMANY YIELDS POINT

Will Give Uncle Sam Time to Agree to New Treaty.

Berlin, Feb. 20.—Chancellor von Bülow is confident that the government will have an easy majority over the opposition to giving the United States reciprocal tariff treaty rates for 10 months in order to see if the United States will not agree to a new commercial treaty. It is understood that this policy will find ample support even among the mild Agrarians. The deciding reasons are those of policy, as this is not regarded as a time to engage in commercial hostilities which would be likely to lead to a political estrangement of trade relations with the United States.

The quite dominant subject of the day is the government's bill, which is printed in the papers. It favors affected prices on the Borsse here and caused business animation in the large provincial cities, particularly Hamburg and Bremen.

BOMBARDED BY MADMAN

Maniac Cannoneer Nearly Hits Warship With Six-Inch Shell.

Kingston, Jamaica, Feb. 20.—The explosion of Fort Royal was heard last night by the report of a gun from the Apostles battery on the opposite side of the bay, followed by the bursting of a shell overhead. It was learned that the bombardier in charge of the magazine of the battery loaded a six-inch gun and fired recklessly. The shell landed on one of the cays eastward of Port Royal. A slight alteration of the flight of the shell in a northerly direction would have dropped it near a French warship now lying in this harbor. The bombardier, who is believed to be insane, was arrested.

CONFLUENCE

Interesting Items From Somerset County's Hustling Town.

Confluence, Feb. 19.—A. R. Humbert, who has been ill with the grip, was seen on the streets today. Mr. Humbert is secretary of the Board of Health and was looking after some matters pertaining to his office. There will be some changes made in regard to the discharge of the sewers leading from dwellings with modern conveniences.

V. M. Black is filling his new ice house with fine ice.

John Warlick of Addison township was in town today and says he will move to the John Hanna farm over in Henry Clay township, the first of April.

Orville Burdworth, who bought Norman Storer's farm in Henry Clay township about a year ago, has sold the same to H. C. Shaw, who will move to it at once. Consideration \$4,000. Well sold, although it is one of the best farms in this part of the township.

Clark H. Flanagan of Flanagan station, on the C. & O. branch, was in town with his trade and did some purchasing while here.

Jesse Coughenour, who met with an accident last Monday by being injured climbing over an iron picket fence, is no better at this writing and is suffering much pain. He is very restless day and night.

Rev. H. M. Peters of Unamis preached in Salisbury Sunday.

The Cook brothers of Cookstown, Clearfield county, left today for their home. They were here negotiating a deal for the large tract of timber, mills and other fixtures connected with the mills, and we understand they made a purchase with the Droney company by paying \$225,000, this being the largest deal of the kind ever made in this vicinity.

The East Brady Lumber Company, report says, have bought the timber of the Stock brothers on Sugar Land and will build a spur from their railroad to it, as the tract adjoins their holdings. They expect it to take several years to work the timber up.

Rev. Travis, of the M. E. Church at Addison, accompanied by his wife called at the home of Miss Ida Providence Bird last Friday and spent a pleasant afternoon.

Mr. and Mrs. John Hanna were shopping in town this afternoon.

W. F. Froelich, the piano dealer of Uniontown, called recently to visit his aunt, Mrs. Basil Bird, West Confluence.

As one steps into the lecture room of the Methodist Episcopal Church he is captivated by a most beautiful window which is a representation of Christ in the Garden of Gethsemane. Here may be seen the figure of the Holy One in the attitude of agonizing prayer. The clasped hands, outstretched, resting upon the rock, by the side of which the sorrowful figure kneels, the upward gaze of that lovely face over which flowed great perspiration, which "came as it were great drops of blood," what agony, what suggestive thoughts are portrayed in that divine face, the skill of the artist is seen in every outline, and in the rich bleeding of colors. Who can look at this prosaic figure without being moved deeply and calling to mind the words He uttered years ago, "My soul is exceeding sorrowful, even unto death, abide ye here, and watch with me." My Father, if it be possible, let this cup pass away from me; nevertheless, not as I will, but as thou wilt." Surely his agony and death can only be explained on the ground that "He suffered, the just for the unjust, that He might bring us unto God." A dim outline of the disciples, Peter, James and John, may be seen. Also the brook, bridge, city and walls in the distance. On the name plate is the following: "In memory of Mr. and Mrs. A. G. Black and their daughter Jennie."

Miss Howard Bartholomew is not so well today as she was yesterday.

Judge U. S. Kendall of Fairmont, W. Va., stopped off between trains today and was shaking hands with his many friends in town.

Miss Susie Bowlin has secured employment as clerk in D. H. Poro's store in the Anderson room on Labrore avenue.

Sing Collins was seen in town Monday with his trade. Sing always brings something to town to sell.

A. B. Flanagan was down off the mountains today looking after some business matters.

J. N. Greer and G. H. Lehart have a job of log cutting at Fort Hill and left Sunday on No. 48.

Mrs. J. M. Dadds, who has been in Mercy Hospital, Pittsburgh, for the last six weeks, was able to leave the institution Sunday and is home again, much improved in health and we are very glad to see her among us again.

Mrs. Joseph Kreger is reported to have had a slight stroke of paralysis Sunday morning and is in a very serious condition at present.

Mrs. James L. Wa'son is much improved in health and is getting along nicely now.

There is a great deal of sickness in town at present, but none is very serious with the exception of Mrs. Kreger and Mrs. Lingenfeld.

Truant Officer Jack Hawke was seen rounding up some boys today and took young Paul Loughe to the lockup.

Mrs. J. B. Coughenour is quite ill at this writing. Mrs. James Albright of Ursina is nursing her.

G. S. Younkin, the bee man, was in town today and got a Courier to take

home with him. The Courier is much sought after by the people who live out of town, and well it might be, for it is the best paper that comes here, 150 copies daily being sold at this place.

J. J. Reynolds of West Confluence is assisting M. B. Mitchell, the butcher, who has a shop on Main street.

J. A. Emlow of Frostburg, Md., a salesman for tombstones, etc., was calling on A. R. Humbert, our undertaker, today.

J. C. Lowery, wife and family, spent Sunday with Mr. and Mrs. N. A. Tissue and returned to their home today on No. 48.

Herbert Black of Johnstown spent Sunday with his parents, Mr. and Mrs. V. M. Black.

Geo. A. Welton left today with his family for Colorado, where he will make his future home. We were sorry to see him go, as he was an all around good fellow.

T. B. Dean and son, H. C. Dean, were seen driving today in their runabout. They seem to enjoy that kind of recreation. The weather is fine.

J. C. Kendall was in town today.

S. T. Sterner, a surveyor, of Emmickville, Pa., who had been employed by Cook Bros., surveying the Droney tract of timber on White's creek, returned home today.

H. W. Holt of Ohioville was in Confluence today looking after business matters.

ROCKWOOD

Bright Paragraphs from the Big Somerset County Borough.

Rockwood, Feb. 20.—Sol. Stern, the jolly cigar manufacturer and salesman, was in town on Sunday telling his funny stories and cracking many jokes.

G. H. Ash, manager of the Dull Mercantile Company's store at Wilson Creek, accompanied by his wife spent Sunday with the former's parents.

Mr. and Mrs. Charles P. Wood of Wheeling, W. Va., visited their nieces, Mrs. L. M. Farling, Mrs. A. H. Blumer and Miss Sara McSpadden, at the McSpadden residence over Sunday.

The Ladies' Aid Society of the United Brethren Church will meet on Wednesday afternoon of this week at the home of Mrs. J. P. Grovart on Water street.

Elder Silas Hoover of Bill's Post-office was in town yesterday visiting his son, J. W. Hoover. He reports that his wife, who he had sent to Kansas City, Mo., to a hospital, is improving gradually and that he expects her to have regained her usual good health when she returns.

It is reported that D. T. Reitor has sold his residence on East Broadway to Charles Enfield of Millford township. We have not been able to see Mr. Reitor and have the report confirmed nor find out where he intends to move.

David I. Miller yesterday and today moved his household goods from here to Ralphion, where he is employed in the saw mill business for D. H. Zimmerman.

Pourse Wolf returned Saturday from West Virginia, where he spent a week looking over and buying some timber lands.

Word was received by letter from Mr. and Mrs. J. C. McSpadden to the effect that they had landed safely in New York City. They would go aboard the steamship yesterday and sail for Cuba.

C. H. Tedrow, a prominent farmer of near Glade, was transacting business in town yesterday.

Dr. C. H. Hamminger's oldest son, Oscar is spending this week at the home of his grandparents, Mr. and Mrs. Cyrus Heminger of Somerset township.

Today is election day and as far as we can learn at this time there is only one ticket in the field which is sure to be elected. Returns tomorrow.

Mr. George Gorman's son and daughter returned home last week after visiting their aunt Sadie Heiring at Lavansville for several weeks.

Mr. George Brown of Somerset formerly on the road for Fishers' Book Store, but who is now connected with Cook, Emert & Co. in the manufacture of woolen goods, was in town yesterday.

Miss Gertrude Koonitz, daughter of Mr. and Mrs. Fred Koonitz of this place and Miss Grace Anderson of Somerset went to Conneltsville Sunday and called on Wm. Mingo at the Cottage Hospital where he is confined on account of having had his foot taken off a week ago by an engine.

Miss Koonitz had been spending several weeks with her sister, Mrs. Frank Bird, at Somerset.

The following guests were registered at the Hotel Hertz yesterday: E. R. Beagle, Meyersdale; Harvey Reiley, Johnstown; A. L. Sprinkler, Cumberland.

Douglas Rutherford Stiles and Miss Carrie Hettley, both of Somerset, were married at the Rockwood House on Saturday by Rev. C. H. Day, pastor of the Lutheran Church here. Among these present were Misses Nina and Ruby Roberts of Somerset and Mrs. Levi Deal and Clyde Rowe of Meyersdale.

Mrs. J. M. Dadds, who has been in Mercy Hospital, Pittsburgh, for the last six weeks, was able to leave the institution Sunday and is home again, much improved in health and we are very glad to see her among us again.

HER WONDERFUL ESCAPE.

Miss Katherine L. Farley of 65 Weir St., Taunton, Was About to Go to the Hospital in Consumption When Father John's Medicine Cured Her—Doctors Said She Could Not Be Cured—Cures Colds and All Throat and Lung Troubles.

"I have found Father John's Medicine to be a wonderful cure. I had a very severe cold in September and did not think anything about it until I was obliged to take it. The doctor said I was in the first stages of consumption and that there was no cure for me. I was just about to enter the Taunton Emergency Hospital when a friend of mine advised me to try your medicine. I got a bottle and after taking it, I was able to sit up in bed and in a short time I was up and around the house and now I am well and strong. I would not be without a bottle of Father John's Medicine in the house. I have recommended it to many of my friends and they are very much pleased with it. I will gladly give you permission to add my name to the list of those it has cured, as what I say is true. I will also be pleased to answer any letters or talk with anyone who wishes to call or write to me at my home." (Signed) Miss Katherine L. Farley, 65 Weir St., Taunton, Mass.

Cures all throat and lung troubles. Not a patent medicine and free from all poisonous drugs and alcohol; fifty years in use.

Father John's Medicine is for sale at P. B. Markell's pharmacy, on Pittsburg street.

ADVERTISING.

The Daily Courier has double the circulation of any other daily newspaper in Fayette county or the Connellsville coke region and it is better situated for the general advertiser. It is the only paper that presents each week a new and different advertisement. The Weekly Courier is recognized as the organ of the C. Connellsville coke trade. Its weekly advertisements are accepted as authority by the trade generally and by the statistical authorities. It has a general circulation in rural districts of Fayette county, and among coke operators, consumers and others interested in the trade everywhere.

Any irregularities or omissions in the delivery of The Courier to homes by the carriers in Connellsville or our agents in other towns should be reported to this office at once.

FAYETTE THE WHOLE DOG.

The Legislature of Pennsylvania proved itself to be of genuine reform character at the extra session just concluded. It passed a number of measures that have been demanded by public sentiment for some time past. Whatever may be said about Governor Pennypacker's proclivities, it is certain that he is an honest official and that his influence is shaping legislation at this session has been for good.

One of the laws passed of most importance to Fayette county was the amendment bill making Fayette a separate Senatorial district. Our population entitled us to this some years ago, but the exigencies of politics hitherto prevented any Senatorial or Representative apportionment.

The Republicans of Fayette now have an assured State Senator. Fayette county's Democratic majority has robbed them of their rightful representation at Harrisburg. The tell has wagged the dog. The dog now will wag his own tail. Fayette county is a whole county in itself. The Greene county tail is an important member under the new apportionment. It is now the causal appendage of Washington county, whose stalwart Republican majority can be depended upon to wag it at all times with perfect ease and prompt dispatch.

The new apportionment will not be seriously regretted by the Democrats of Fayette county for the reason that their Greene county brethren always persisted in upholding the fallacy that their majority of the votes in Greene county constituted a majority of the votes of the district. This absurd theory was advanced by the late William Thompson Harrison Pauley, editor of the Washington Messenger, organ of the Rockwater Democracy of Little but Mighty Greene. Editor Pauley passed away full of years and honors, but his ideas of the greatness of Greene county as a Democratic factor in elections remained undimmed and it became an immutable part of the Rockwater faith.

Greene county Democrats will now have a chance to try it on their Washington county brethren, but if there are no more of them in evidence than there were last fall, there will be more reason in the Greene county dogma than has ever been apparent in its application to Fayette.

We congratulate the Republicans of Fayette county on their escape from the Old Man of the Sea. Let them now prove how much better material they can furnish the Senate Chamber at Harrisburg than the Greene which has hitherto been sent out of the sheep pastures of Democratic Greene.

BOROUGH BOOKKEEPING.

The bookkeeping of a borough should be as careful and comprehensive as of any other corporation, or of any firm or individual. Its records should at all times furnish a clear and accurate exposition of its financial standing. Its assets and liabilities, resources and obligations should appear in detail on the pages of properly kept account books. It should not require the united efforts of three borough auditors, or the services of expert accountants, to un-

nally furnish the public, or any individual taxpayer seeking information at any time, with an intelligent statement of the borough's general financial condition or of any particular item of receipts or expenditures. The borough clerk should be a competent bookkeeper and should keep such books as would enable him to furnish the information described at any time upon reasonable and proper demand.

The books of a borough should show the administrative ability of the corporation's management, just as the books of any other corporation show the commercial and financial efficiency of its officers and managers, and the books of the one ought to be open to the inspection of the citizens just as the books of the other are open to the stockholders.

The open books are not demanded for the purpose of satisfying mere curiosity, but for a much weightier consideration. In a recent address before a convention of municipal controllers, auditors and treasurers, Director S. N. D. North of the Census Bureau said:

"The most prolific source of municipal graft, its securest hiding place, its most effective instrument in weakening the honesty of the citizen, is the classification of municipal accounts and the consequent uniformity in municipal bookkeeping."

A set of books properly kept and properly audited are the most effective check on crookedness in municipal administration. Continued classification of receipts and expenditures makes it possible to prove almost anything from the official records, and practically prevents any enlightenment on the important question of honest and economical expenditure of public funds.

The attention of the forthcoming Town Council of the Borough of Connellsville is respectfully called to these facts.

The Moorish crisis is reported to be over before it really happened.

The street railway company regulates its fares on the city service plan. The other T. C. services the bigger the pay. This wisdom and justice of this is apparent. The company wants steady men, who can be depended upon as friends of the road and who are employed of tried ability in their various lines. Such men are more valuable than green hands whose faithfulness and competency remain to be proven, and their services are accordingly more costly. The classification accordingly is not a matter of sentiment alone, but rather a matter of good business. Corporations have no souls, but the most successful managers of their business affairs have an excellent knowledge of human nature and do not neglect the opportunities presented for its employment.

Joe Chamberlain is trying to inject a protective tariff into English politics, but times are good, and John Bull looks upon him as a "Jot" who will not be enough alone.

When Connellsville gets a federal building and a State Armory, perhaps our friends and neighbors across the Yough will feel more like sharing the fortunes of a progressive town. Greater Connellsville is bound to come and New Haven people are only standing in their own light by standing alone.

The tariff war cloud with Germany has passed away. It was quite as gloomy and depressing to the Germans as it was to us.

Elhu Root has been nominated for President in 1908 to the tune of "Tammam," as follows:

Elhu Root has been nominated for President in 1908 to the tune of "Tammam," as follows:

The time, if not the words, ought to make a boom for Secretary Root, to say nothing of his high character and undoubted statesmanship.

Miss Roosevelt got \$250,000 worth of wedding presents and a good husband. We know he is good, because he is a Republican and bald-headed.

The present outcry against free passes and railroad rebates has not as yet extended to half-price clerical tickets, yet such tickets are palpable rebates.

SUICIDE ON THE STAGE

Denver Woman at Matinee Steps Down Front and Shoots Herself

Denver, Feb. 20.—Living her seat in one of the boxes in the Crystal Theater during the afternoon performance, Mrs. C. A. Weider made her way to the stage, and after flourishing a revolver for a moment in full view of the audience, discharged the weapon at her own person, inflicting a probably fatal wound.

Persons in the audience thought that the shooting was part of an act and made no outcry. Screams of the performers in the wings showed that something unusual had occurred. When the woman was carried away unconscious by stage attendants she still held the weapon and a photograph, said to be that of her young son. The woman was removed to a hospital, quiet was restored and the performance was resumed.

TO RUIN TAGGART

TELEGRAPH OPERATOR SAYS BROTHER OFFICERS WERE IN CONSPIRACY.

Cleveland, Feb. 20.—Charges that Captain and Mrs. Taggart, principals in the famous army divorce scandal, were innocent victims of a plot among army officers to ruin Captain Taggart, are made by Charles E. Lay, a telegraph operator who was stationed at Wooster during the trial, who handled many private communications, and talked intimately with parties to all sides of the case. Among the sources of his information he claims Vice President Fairbanks, heads of army department and prominent society women. None of these were aware when interviewed that their information would eventually reach publication.

Lay had exceptional facilities for confidential information. He says: "I positively know and think I could prove absolutely that Captain and Mrs. Taggart are both victims of a conspiracy on the part of brother officers of Captain Taggart to ruin his army career. It was never meant to carry the case so far but it came to a point where the officers themselves were on the verge of detection. To escape punishment they accused the jealousy of Captain Taggart by attention to his wife who's innocent played into their hands as a trap for ambition. Come to the society leader of the barracks."

"I honestly believe that if Captain and Mrs. Taggart knew what I could tell them there would be a reconciliation."

"Mrs. Taggart is the most obstinate woman I ever met. At Wooster, when she knew she was fighting a hopeless case, she was alone preparing to leave the United States."

BUSSES AND EMPLOYERS

Blamed for Loss of 11 Lives in West Virginia Mine.

Charleston, W. Va., Feb. 20.—A coroner's jury in the case of the disaster to the Detroit mine on January 18, in which 18 men lost their lives from the ignition of coal dust by electric lights, returned a verdict that the explosion was the result of "carelessness and neglect of duty of Mine Superintendent J. H. Miner and Mine Boss R. F. Townsend, and that said Miner and Townsend are guilty of involuntary manslaughter."

The jury also finds that Deputy Mine Inspector Bonner H. Hill, "by reason of his neglect of duty, is also guilty of involuntary manslaughter." Witnesses have been used for the arrest of the men affected by the jury's verdict.

The Detroit & Kanawha Coal company is declared to have been grossly negligent in the operation of the mine since January 2, 1906. The jury also recommended drastic changes in the law, especially to give the state mine inspector power to close a mine when not run properly without recourse to tedious process of law.

Jamestown Doctor Kills Himself. Meadville, Pa., Feb. 20.—Dr. Robert Barton Calvin of Jamestown, Pa., has been found dead in bed. Under his pillow was an empty bottle of cyanide gas. He was a graduate of the University of Pennsylvania, 28 years old, unmarried. No reason is given by friends for the deed.

Miser Wakes to Find Home in Flames and Family Perishing.

FOUR CAUGHT IN BLAZING PILE

Tunnell Hill, 27 Miles East of Johnstown, Pa., Feb. 20.—Four persons were killed and three seriously hurt in a fire which destroyed the home of Patrick Grogan at Tunnell Hill, about 27 miles east of this city, early this morning. The dead:

Mrs. Mary Grogan, aged 62 years.
Patrick Grogan, aged 11 years.
Willie Grogan, aged 8 years.
Katie Grogan, aged 16 years.
Part of the Grogan family slept on the second floor and part on the first. Grogan was awakened by the flames and made an effort to rescue those on the second floor but was unable to do so. Three members of the family escaped by jumping from the second floor. The house of Thomas Gregory, adjoining that of the Grogans, was burned to the ground, as were those of Mrs. Anna Mills and Charles An. Several narrow escapes from death were had by inmates of these houses.

There is no water supply at Tunnell Hill, which is a mile above Galatia, and miners from the mines at that point have been formed into a bucket brigade. The flames were burning fiercely at 2:30 o'clock.

AWAY ON THEIR TOUR

Mr. and Mrs. Longworth Grant Child's Request for Autographs.

Washington, Feb. 20.—Mr. and Mrs. Nicholas Longworth started on their honeymoon from Alexandria, Va., over the Southern railway. They will go to Tampa and from there take a boat for Havana, which point they expect to reach Thursday morning. They will make the trip to Tampa in the private car Elvian, which was awaiting them in the yards of the Southern at Alexandria, about half a mile from the station.

The bride and bridegroom made the trip from Alexandria, near Washington, in an open automobile, accompanied by Mrs. Longworth's maid and a chauffeur.

At the station a little girl, the daughter of one of the railway employees, asked the bride if she would give her her autograph.
"Certainly I will," where is your pen?" replied Mrs. Longworth.
Pen and ink were quickly produced and Mrs. Longworth wrote her autograph "Alice Lee Longworth."
"Now, get his," she said, pointing to her husband. Beneath the name of his wife Mr. Longworth wrote his signature and the date. The little girl thanked them both and went away happy.

13 LIVES SACRIFICED

Open Lamps in Colorado Mine Cause Great Disaster.

Walsenburg, Col., Feb. 20.—An explosion in the Victor Fuel company's Mainland mine caused the death of at least 13 miners.
Shortly before 8 o'clock there was an explosion in the part of the Mainland mine known as the Sunshine, which caused the earth to tremble for miles around. Soon afterward, a man ran out and reported that the mine was on fire. The explosion caused a fall of rock from the roof and until this is cleared away it will not be known positively just how many bodies are yet in the mine. The explosion was caused by gas set off by open lamps and the deaths were caused by gases.

PENNSYLVANIA PRESIDES

Conference on Uniform Divorce Laws Meets at Washington.

Washington, Feb. 20.—Governor Pennypacker of Pennsylvania has been chosen president of the conference on uniform divorce laws, in session here. The conference was called by Governor Pennypacker last summer, the Pennsylvania state legislature having appropriated \$10,000 to defray the expenses of the gathering. The membership is national in scope, all but three of the states of the union being represented. About 100 delegates are in attendance. Following an address of welcome by District Commissioner MacFarland, Governor Pennypacker outlined the objects of the conference.

Emperor Resorts to Force.

Budapest, Feb. 20.—The Hungarian parliament was dissolved with the use of force. The floor and corridors of the building were cleared by the police. There was no resistance and no disorder. The members of the Constitution party declared that the dissolution was unconstitutional and illegal and that they will hold a meeting tomorrow in the parliament building unless prevented by troops, in which case the meeting will be held elsewhere.

Manly Gets Rid of Storms.

Indianapolis, Feb. 20.—During a stormy conference at the state house, Daniel M. Storms, secretary of state, tendered his resignation to the governor, and it was immediately accepted. The governor refused to promise Storms not to press prosecution against him for financial irregularities in office.

LEGISLATOR REFUNDS HIS SALARY AND "PERKS."

Harrisburg, Pa., Feb. 20.—Representative Fred H. Cope of Chester county, who drew his salary of \$500 for the extra session of the legislature after stating in a public letter that he would serve without compensation, has returned the cash to the state treasury, along with his allowance for mileage, stationery and postage, a total of \$605.

EXPLODED THE BOMB.

Western Miners' Officials
Are Accused of Murder
of Steuenberg.

ORCHARD MAKES CONFESSION

Pollard Claim to Have Evidence In-
criminating Moyer and Heywood in
Dynamiting Plot—Admit They
Were Not in State at Time.

Denver, Feb. 20.—Publication has been made of the complaints on which Governor Gooding of Idaho asked extradition for Charles M. Moyer, president, and William D. Heywood, secretary, and treasurer, of the Western Federation of Miners, and G. A. Pettibone, a former member of the executive committee of that labor organization.

It appears that the men were charged directly with the murder of former Governor Frank Steuenberg of Idaho. The complaints in the three cases are identical and charge the accused men with having discharged the bomb by means of which Steuenberg was killed at Caldwell, Idaho, on December 30, 1905. The specific charge of murder was made to forestall habeas corpus proceedings, but no attempt will be made to prove that they were in Idaho at the time of the commission of the crime. It is alleged, however, that they conspired with others to murder Steuenberg and furnished funds to carry out the crime.

The atrocious and unsolved murders committed during the labor troubles in the Cripple Creek and the Telluride regions of Colorado and in the Coeur d'Alene region of Idaho, together with the recent Steuenberg assassination, form a chain of crimes with which efforts are making to connect officers of the Western Federation of Miners through the confession of Orchard, who is in jail, charged with the Steuenberg murder.

Extensive Plot Disclosed.
Orchard's alleged confession, it is asserted, disclosed a plot to kill Governor James Peabody of Colorado, William H. Caldwell, chief justice of Colorado supreme court, and John Campbell, former chief justice. Orchard is supposed to have confessed that whole assassination were planned at the headquarters of the Western Federation of Miners in Denver, chiefly by refugees from the camps at Cripple Creek and Telluride. It is also said that Orchard's confession gives a history of the explosion at Independence station near Cripple Creek on June 6, 1904, when 14 men were killed.

Governor McDonald, who issued papers for the extradition of the Federation officers to Idaho, said that he had read a copy of Orchard's alleged confession, but was not at liberty to divulge its contents.

The chief of a detective agency which was employed by the Idaho authorities in the Steuenberg case declared that the evidence against the men who have thus far been arrested is strong and that more arrests are to be made. He would not state the nature of the evidence or how it was obtained.

Killed Steuenberg Himself.
Vincent St. John, who was arrested in Buick, Idaho, last night, was president of the miners' union at Telluride, Colo., at the time of the assassination of Arthur Collins, superintendent of the Smuggler Union mine at that camp. He was arrested and charged with complicity in that murder, but was never brought to trial.

Orchard's alleged confession purports to give details of the plot to assassinate former Governor Steuenberg at Caldwell, Idaho, from its inception, according to a dispatch from Boise.

Orchard says he was alone in the actual execution of the Caldwell, Idaho, plot; that he had first planned to shoot Steuenberg with a buckshot and went to the house on Christmas eve for that purpose, intending to shoot through the window, but abandoned the plan and hid a number of shot cartridges under the sidewalk.

LOYAL TO THE WORKERS

John Mitchell Declines Illinois Congressional Nomination.
New York, Feb. 20.—John Mitchell, president of the United Mine Workers, has received a telegram from Peoria, Ill., in which he was offered the Democratic nomination for congress to represent that district.

Mr. Mitchell immediately replied to the convention, then in session in Peoria, declining the nomination. He stated that he would not accept any political office while head of the mine workers. Mr. Mitchell lives at Spring Valley, Ill.

President Mitchell will leave New York for Pittsburgh on the 3:25 train tonight. His stay in Pittsburgh will be only a brief one, as he will leave there Wednesday to return to New York.

Graceful but Not Conclusive.
Washington, Feb. 20.—A report is being circulated concerning the report of his engagement to Mrs. Jack Gardner of Boston, Representative Bourke Cockran of New York, said: "I cannot discuss, I can only deny, such an unauthorized use of the lady's name."

Vienna, Feb. 20.—The instruments of the imperial meteorological department have recorded an earthquake center which was 7,500 miles off. The movement lasted from 3:22 a. m. to 6:10 a. m.

SMITHFIELD,

Chatty Letter from the Metropolis of
Georges Town.

Smithfield, Feb. 20.—The remains of Margaret Morgan, who died in Dunbar township, was brought here on the B. & O. Saturday for interment in the Baptist cemetery. The deceased is well known here as being an old time school teacher, having taught in this township in anti-bellum days.

Speaking of old-time teachers, the veteran of them all, J. W. Showalter, was down from his home on the hill out the Geneva road Saturday after his daily paper and his mail. He is quite and hearty at 85 years of age. He taught 54 consecutive terms in the schools of Fayette county. He taught his last term in 1895 in the school building that was erected in that year here, it being the unexpired term of the teacher of that school.

Little George Weaver broke through the ice on the Wharton reservoir one day last week and would have drowned had it not been for David and A. J. Sutton, who were cutting ice nearby. They missed his presence and saw his head sticking above the ice. They rushed to just as he was going down for the third time and pulled him out of what would have been his watery grave. It was a cold day and the little fellow almost perished from cold before he got home and changed his clothing, but is apparently none the worse for his chilly bath.

Rev. F. R. Peters' protracted meeting is still going on. He had an unusually large congregation last night, this was on account of Rev. Hays holding no service at the Baptist Church, many members of that congregation attending. The service was a special one and in the interest of the Freedmen's Aid and Southern Educational Society. Each member of the large audience was supplied with a pamphlet "The New Emancipation," bearing a fine likeness of Abraham Lincoln and containing a responsive service to be used on this, the 10th anniversary of the society, and much statistical information of the growth and progress of the society from its foundation to the present time. This service was used only in part. Prof. King took up part of the evening by a talk on the life of Lincoln from his boyhood to the time of his taking the Presidency of the United States.

Rev. Peters followed with an earnest plea on behalf of those wards of our nation and took up a contribution to be devoted to the schools in the South that are doing such good work in fitting them for citizenship, conferred upon them by the great emancipation.

W. L. Stewart of Point Marion and O. J. Stewart of Out Crop were here Saturday attending a meeting of the Home Gas & Oil Company. Other members of the company present were D. P. Morgan of Springfield township; C. B. Stewart, J. C. Huhn and G. A. Feather, of this place. The meeting was called for the purpose of electing a board of directors, a requirement necessary in their application for a charter. The company have the material about all on the ground on the Huhn farm on Georges creek and will soon commence drilling.

Don't Dose the Stomach.
Cure Catarrh by Breathing Hyomei—Sold Under Guarantee by A. A. Clark. Hyomei is not a cure-all; it is a specific for the cure of catarrhal troubles. Breathing through the nose penetrates to the most remote parts of the nose, throat and lungs, healing all inflammation and killing the catarrhal germ wherever present. So successful has Hyomei been in the cure of catarrh, that A. A. Clark sells it under a guarantee that it will cost nothing unless it gives satisfaction. The complete Hyomei outfit sells for \$1, and consists of an inhaler that can be carried in the vest pocket, a medicine dropper, and a bottle of Hyomei. The inhaler lasts a lifetime, and if more Hyomei is needed, extra bottles can be obtained for 50 cents.

It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that cures this disease without stomach dosing, applying the medication and healing where the disease gains are present.

GREAT REVIVAL.

Is in Progress at the Fairchance M. E. Church.

Fairchance, Feb. 20.—A great revival is now in progress in the First M. E. Church of Fairchance by the pastor, Rev. Basil W. Jones, assisted by the Blind Brother Jones of Uniontown. Upwards of 50 conversions and about 200 accessions to the church have taken place. The day of Pentecost is fully come and the Holy Ghost is felt in the hearts of the people. Great things are expected of God and a mighty turning out of souls.

Brother Jones in his sermon of Sunday morning spoke of the great persecutions the people of the church have endured. They have been called Cobblers, Old Independents and everything anyone could think of. Bless God, if God be for us, who can be against us? We can afford to be called crazy fanatics, and all these things. Bless His name, for if Jesus Christ our elder brother bore all these things, yet He opened us his mouth, cannot we? The church extends a hearty welcome for all to attend these services and especially to strangers coming into town. Come among us, we will do you good.

A Superb Early Spring
Showing of Women's Garments

We have surprised everybody this season by our large and unusually early gathering of women's dresses. There are two good reasons for this early showing: THE CHIEFEST was because Easter comes at such an early date this season. THE SECOND reason was our belief that women were ready and anxious for the new dresses as soon as a satisfying assortment would be provided.

So we have not brought in a few suits but dozens of them and we have exhausted all the new style ideas that are likely to appear during the Spring season.

The woman who wishes new dresses to displace her winter gowns can select now with the assurance that what she buys now is in advance of all others and is correct and authoritative in matter of style for the Spring season. You are invited to come and see the new styles if only to catch the correct style hints.

Ice, Slush, Mud
All Demand Good Shoes

We are starting on the weather that does more than that of any other season to bring discomfort and disease.

Well protected feet is the first essential to good health and whether you buy expensive or low priced shoes they are cheap if your feet are protected.

Here are the sorts that do the work perfectly. You may pay as little as you like.

Decidedly New Wash
Goods

Each succeeding season we wonder how it will be possible to surpass the efforts of the previous year, but then something new is the key note of large sales and weavers are never idle.

Couldn't begin to tell you about the new wash fabrics. The variety is almost endless. You cannot afford to buy without seeing this collection.

WRIGHT-METZLER COMPANY

Freight Business Heavy.

Freight traffic on the Connelleville and Pittsburgh Division of the Baltimore & Ohio Railroad has been heavy the last three or four days. The yards yesterday and today were filled with loaded cars.

Gospel

It is Gospel truth to say that no DISEASES such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, boils, bowel troubles, skin eruptions, and all these caused by local inflammation, can be so quickly, safely and surely cured, as by the use of HAMLIN'S WIZARD OIL.

It gets right down in, around the nerves and blood vessels of the affected tissues, where the trouble is, and gently soothes and coaxes them back to health.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Price 50c and \$1.00. Fully guaranteed.

Catarrh—
A Guaranteed Cure

One thousand retail druggists who are the leaders of the drug trade of the United States, and that means the world, rated by Bradstreet's and Dun's at twenty million dollars and whose retail business aggregates over seventy million dollars annual sales, have agreed to give their name, financial backing and endorsement to the guarantee that Rexall Mucic-Tone will cure any disease or trouble arising from catarrh or they will refund the money. We are proud of our connection with the Rexall Remedies, particularly so of Mucic-Tone, because a remedy must be something out of the ordinary to get our backing. It is not all profit that leads us and our one thousand associates into endorsing this remedy: it is our years of experience with medicines and our knowledge of them that makes us believe that Rexall Mucic-Tone is a bona-fide discovery for the cure of all ailments due to catarrhal affection. We know that it is not a cure at all, but a remedy built on scientific lines and not a patent medicine as each one of the one thousand druggists knows its formula and its value. It has one great additional value besides curing constitutional catarrh—that it is a system builder. No such tonic was ever before designed for the curing of inflammation of the mucous membrane—nor can it be improved on in the present age. Just stop and reason with yourself for one minute. We are doing business right here in your midst. Could we afford to offer our name and endorsement to Mucic-Tone as we do if we did not know that it was an honest medicine? Could we afford to agree as we do that we will refund every penny paid us for the medicine if it does not benefit.

All we ask is the customer's word and the empty bottle and we hand the money back. No signed certificate. We believe the public, especially the sick, are honest, certainly every sick person who suffers from any of the following ailments should take advantage of our offer to-day. Rexall Mucic-Tone cures catarrh of the nose, throat, stomach, intestines, liver, kidneys or bladder, and any who are convalescing from sickness of any kind should take advantage of our offer and purchase what we recommend as the best tonic ever sold in a drug store. We have a large trial size at fifty cents and we guarantee it or refund your money.

Remember, the success of our enterprise depends on the merit of each individual remedy. Our reputation, which is our very business existence, is a stake. Can you doubt that in buying a Rexall Remedy you are buying the best that science and experience can give you?
